## SKO-TrendShop Successfull Networking in English

This highly practical and 'hands on' seminar explores ways of making greater impact when in international, face-to-face networking situations in English. It will focus on practical tips for dealing with the 'logistics' of networking events. Networking in English with other German speakers – a counter intuitive thing to do.

We will look at how cross cultural factors impact on networking – is everyone comfortable with a European approach to networking?

The 'Netzwerk Pause' will provide additional opportunities to practise.....in English!

Minimum English level required: Intermediate+ (B1/B2)

### John Miles

Managing Director  
The London School of  
English Canterbury

In cooperation with Boa  
Lingua Business Class

### Your profit

- You will know how to initiate a conversation and learn a different, impactful approach to answering 'what do you do?'
- You will find out how to attract interest and will be able to 'read' your partner's networking body language
- You will be able to circulate, to break into groups and to introduce other people
- The fear of networking in a foreign language will be overcome

### Datum/Zeit/Ort

22. November 2016  
18:00 - 21:00 Uhr
